

POWERFUL SIMPLICITY DESIGNED BY AND FOR USERS

THE INSIGHT MAP PROVIDES AN INTEGRATED SPATIAL VIEW OF YOUR ASSETS IN THE EAM SYSTEM.

- Display of additional Information e.g. the status of work orders and service requests
- Easy Drag&Drop interaction with Insight Explorer, e.g. position locations in Insight Map by Drag&Drop
- Same configurable actions and information as Insight Explorer
- Different, easy to integrate map sources from maps to custom image based floorplans
- Seamless integration the EAM surface
- No browser plugins requireds
